The Dragon in the Cellar

by Nick Toczek

There's a dragon!
There's a dragon!
There's a dragon in the cellar!
Yeah, we've got a cellar-dweller.
There's a dragon in the cellar.

He's a cleanliness fanatic,
Takes his trousers and his jacket
To the dragon in the attic
Who puts powder by the packet
In a pre-set automatic
With a rattle and a racket
That's disturbing and dramatic.

There's a dragon!
There's a dragon!
There's a dragon in the cellar
With a flame that's red 'n yeller.
There's a dragon in the cellar ...
